

Outside Interest Verification

Fall 2008-2009

Dear Parent/Guardian,

As per the Parent/Student Agreement and in keeping with the vision of this school, students that are nine years old and older must pursue their particular interest in visual or performing arts outside of their academic school day. Students under nine years of age are required to be involved periodically in an area of the visual and performing arts throughout the year. Those students under nine years of age who do not pursue an interest in the arts during the fall semester must do so in the spring. The National Endowment for the Arts defines arts to encompass music, opera, dance, drums, folk art, creative writing, architecture, design and graphic arts, painting, sculpture, photography, and the arts.

Please list below the interest that your child is pursuing and with whom they are receiving instruction. This form must be **signed by the instructor** and returned to school by Friday, November 7th 2008.
